WHEREAS, the District and Consultant warrant and agree that they have the right, power and authority to enter into and be bound by this Agreement.

NOW, THEREFORE, in consideration of the recitals, agreements, and mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Parties, the Parties agree as follows:

SECTION 1. RECITALS. The recitals stated above are true and correct and by this reference are incorporated into and form a material part of this Agreement.

SECTION 2. PURPOSE; SCOPE OF SERVICES: The purpose of this Agreement is for the Consultant to provide professional district management services to the District pursuant to the Act. A brief description of these services is provided below and a detailed description is provided in **Exhibit A** to this Agreement. The Consultant shall not commence providing the services to be performed pursuant to this Agreement and **Exhibit A** until December 1, 2020; provided however, prior to such date, at Consultant's own expense, Consultant may attend District Board meetings, consult with District staff and/or supervisors, and take such other actions as it deems necessary in order to effectively provide the services starting December 1, 2020.

Any services not specifically provided for in the scope of services described herein or in Exhibit A, or necessary to carry out the services as described herein, as well as any changes in the scope requested by the District, will be considered additional services (“**Additional Services**”). Additional services must be authorized by the District prior to being provided by Consultant. Such Additional Services may include, but are not limited to:

If any Additional Services are required or requested, the Consultant will provide a detailed description of these services and fees for such services to the District for approval prior to beginning any additional services. The Consultant shall undertake the additional services after the District has issued its written approval, as evidenced by a vote of the Board of Supervisors, of the description and fees for such services to the Consultant. All Additional Services will remain subject to the terms and conditions of this Agreement.

SECTION 4. LITIGATION SUPPORT SERVICES. Upon the District's request, the Consultant shall prepare documentation in response to litigation requests and provide necessary expert testimony in connection with litigation involving the subject matter of this Agreement. If the District requires or requests any litigation support services, the Consultant will provide a detailed description of the services and fees for such services to the District for approval prior to beginning any litigation support services. The Consultant shall undertake the litigation support services after the District has issued its written approval of the description and fees for such services to the Consultant.

SECTION 5. ADDITIONAL SERVICES PROVIDED TO THIRD PARTIES. These are services requested by third parties such as homeowners, realtors, investors or members of the media. Such services may include, but are not limited to, estoppel letters, bond prepayment processing, and litigation support. The third party requesting such services shall be responsible for the payment of any fees charged by Consultant for providing those services to the extent authorized by law and the District's Rules of Procedure.

SECTION 6. DISTRICT MANAGER. Throughout the term of this Agreement, Patricia C. Thibault shall serve as the District Manager for the District. If at any time Patricia C. Thibault shall no longer serve as Consultant's District Manager for the District pursuant to this Agreement, Consultant shall consult with the District's Board of Supervisors regarding the succeeding District Manager hereunder. Notwithstanding the prior sentence, both Parties acknowledge that Consultant shall be acting as an independent contractor under this Agreement and any District Manager provided by Consultant, including Patricia C. Thibault, is solely employees of Consultant and not employees of the District under the meaning or application of any Federal or State Unemployment or Insurance Laws or Old Age Laws or otherwise, all as further provided in Section 27 of this Agreement.

SECTION 7. TERM. The initial term of this Agreement commences on December 1, 2020, and continue until November 30, 2021 ("**Initial Term**"), unless terminated earlier by either party in accordance with the provisions of this Agreement. This Agreement shall automatically renew for additional one-year terms ("**Renewal Terms**"), unless terminated pursuant to its terms. The Consultant acknowledges that the prices of this Agreement are firm and that the Consultant may change the prices only with the District's written consent, as evidenced by a vote of the District's Board of Supervisors.

SECTION 8. FEES AND EXPENSES; PAYMENT TERMS.

A. Fees and Expenses.

1. A schedule of fees for the services provided pursuant to this Agreement is attached hereto as **Exhibit B** to this Agreement, which is attached hereto and incorporated herein. The District shall pay the Consultant for the services it provides pursuant to this Agreement in accordance with the schedule of fees in **Exhibit B**. For purposes of the Consultant's compensation for services provided pursuant to this Agreement, the District shall compensate the Consultant only for those services provided under the terms of this Agreement.

2. Unless otherwise specified by this Agreement, the Consultant will invoice the District for the Consultant's services as soon as may be practicable in advance of each month and in the amounts set forth in **Exhibit B**. The fees for those services which are not being requested at the time this Agreement is approved will be provided to the District at such time as those services are required and requested by vote of the Board of Supervisors. All invoices shall be due and payable by the District within thirty (30) days from the date of receipt of a correctly submitted invoice or as otherwise provided by the Prompt Payment Act, Chapter 218.70, *Florida Statutes*. Invoices not paid within thirty (30) days of presentation shall be charged interest on the balance due at the maximum legally permissible rate.
3. Fees for the first three (3) years (i.e., the Initial Term and two (2) Renewal Terms) of the Standard Services described in this Agreement are set forth in Exhibit B; thereafter, fees for the Standard Services may be negotiated annually by the Parties. Any amendment to Standard Services fees must comply with the amendment procedure in this Agreement and must be reflected in the adopted General Fund Budget of the District. The District's adoption of the General Fund Budget shall not constitute the District's consent for payment of any expenses or change in Agreement terms.
4. In the event the District authorizes a requested change in the scope of services, Consultant shall submit, in writing to the District, a request for a fee amendment corresponding to the change in services being requested, if it has not already done so. Any change in the scope of requested services and the corresponding fee amendment shall comply with the amendment procedure in this Agreement. Such amendment must be validly executed by the Parties before Consultant is authorized to begin providing services pursuant to the change in scope and the revised fees are adopted.
5. For the purposes of this Agreement, an out-of-pocket expense is an unexpected expense that the Consultant or one of its subcontractors, if applicable, incurs during the performance of the Standard Services, as provided in this Agreement. Such out-of-pocket expenses are included in the fees shown in **Exhibit B**. Out-of-pocket expenses incurred in connection with the performance of Additional Services and Litigation Support Services will be subject to reimbursement at cost. These expenses include, but are not limited to, airfare, mileage, transportation/parking, lodging, postage, and copies.

B. Payment Terms.

1. **Standard Services.** Standard Services will be billed monthly as a fixed fee pursuant to the schedule shown in **Exhibit B**.

2. **Additional Services.** Additional Services will either be billed monthly at the Consultant's proposed hourly rate or per occurrence both as authorized by the District and negotiated by the Parties.
3. **Litigation Support Services.** Litigation Support Services will be billed monthly on an hourly basis for the hours incurred at the Consultant's proposed hourly rate, as authorized by the District and negotiated by the Parties.
4. **Out-of-Pocket Expenses.** Out-of-Pocket expenses not included under the Standard Services of the Consultant will be billed monthly as incurred.

SECTION 9. SUSPENSION OF SERVICES FOR NON-PAYMENT. Unless nonpayment is the fault of the Consultant, the Consultant shall have the right to suspend services being provided pursuant to this Agreement if the District fails to pay Consultant's invoices in a timely manner, which shall be construed as thirty (30) days from date of the invoice or as otherwise provided by the Prompt Payment Act, Section 218.70, *Florida Statutes*. Consultant shall notify the District, in writing, at least ten (10) days prior to suspending services.

SECTION 10. AMENDMENT. Amendments to, and waivers of, the provisions contained in this Agreement may be made only by an instrument in writing that is executed by both the District and the Consultant.

SECTION 11. RESPONSIBILITIES.

A. **District Responsibilities.** The District shall provide for the timely services of its legal counsel, engineer, and any other consultants, contractors, or employees, as required, for the Consultant to perform the duties outlined in this Agreement. Expenses incurred in providing this support shall be the sole responsibility of the District unless specified herein.

B. **Limitations of Responsibilities.** To the extent not referenced herein, and to the extent consistent with Section 190.006, *Florida Statutes*, Consultant shall not be responsible for the acts or omissions of any other Consultant or any of its subcontractors, suppliers, or of any other individual or entity performing services as part of this Agreement which are not under the control of the Consultant. Consultant shall not be liable for any damage that occurs from Acts of God, which are defined as those caused by windstorm, hail, fire, flood, hurricane, freezing, or other similar occurrences of nature.

SECTION 12. TERMINATION. This Agreement may be terminated as follows:

A. By the District for "good cause" immediately, which shall include, but is not limited to, misfeasance, malfeasance, nonfeasance, or dereliction of duties by the Consultant. Termination for "good cause" shall be effected by written (electronic) notice to Consultant.

B. By the Consultant for "good cause" immediately, which shall include, failure of the District to timely pay Consultant for services rendered in accordance with the terms set forth in this Agreement, malfeasance, nonfeasance, or dereliction of duties by the District, or upon request

or demand by the Board, or any member thereof, for Consultant to undertake any action or implement a policy of the Board which Consultant deems unethical, unlawful, or in contradiction of any applicable federal, state, or municipal law or rule. Termination for “good cause” shall be effected by written (electronic) notice to District.

C. By the Consultant or District, for any reason, upon provision of a minimum of sixty (60) days written (electronic) notice of termination to the address noted herein.

D. Upon any termination of this Agreement, the Consultant shall be entitled to payment for all services rendered pursuant to this Agreement up until the effective date of the termination of this Agreement, subject to whatever claims or off-sets the District may have against the Consultant. Consultant will make all reasonable efforts to provide for an orderly transfer of the books and records of the District to the District or its designee.

SECTION 13. GENERAL TERMS AND CONDITIONS.

A. The Consultant and its officers, supervisors, staff, and employees shall use due care to protect the property of the District, its residents, and landowners from damage. The Consultant agrees to take steps to repair any damage resulting from the Consultant’s activities and work pursuant to the Agreement within twenty-four hours (24) hours.

B. Dissolution or court declared invalidity of the District shall not relieve the District of compensation due for services theretofore rendered.

SECTION 14. APPLICABLE LAW AND VENUE. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF FLORIDA WITHOUT REFERENCE TO THE PRINCIPLES OF CONFLICT OF LAWS. EXCEPT FOR ACTIONS SEEKING INJUNCTIVE RELIEF (WHICH MAY BE BROUGHT IN ANY APPROPRIATE JURISDICTION), SUITS UNDER THIS AGREEMENT SHALL ONLY BE BROUGHT IN A COURT OF COMPETENT JURISDICTION IN THE COUNTY OF PASCO, STATE OF FLORIDA. THIS CHOICE OF VENUE IS INTENDED BY THE PARTIES TO BE MANDATORY AND NOT PERMISSIVE IN NATURE, AND TO PRECLUDE THE POSSIBILITY OF LITIGATION BETWEEN THE PARTIES WITH RESPECT TO, OR ARISING OUT OF, THIS AGREEMENT IN ANY JURISDICTION OTHER THAN THAT SPECIFIED IN THIS SECTION. EACH PARTY WAIVES ANY RIGHT IT MAY HAVE TO ASSERT THE DOCTRINE OF FORUM NON CONVENIENS OR SIMILAR DOCTRINE OR TO OBJECT TO VENUE WITH RESPECT TO ANY PROCEEDING BROUGHT IN ACCORDANCE WITH THIS SECTION.

SECTION 15. INDEMNIFICATION.

A. District Indemnification. To the extent allowable under applicable law (and only to the extent of the limitations of liability set forth in Section 768.28, *Florida Statutes*), except to the extent caused by the negligence, reckless, and/or willful misconduct of the Consultant, the District agrees to indemnify, defend, and hold harmless the Consultant and its officers, supervisors, staff,

and employees from and against any and all liability, claims, actions, suits, demands, assessments or judgments asserted and any and all losses, liabilities, damages, costs, court costs, and expenses, including attorney's fees, that Consultant may hereafter incur, become responsible for, or be caused to pay out arising out of or relating to the negligent or intentionally wrongful acts or omissions of the District. The indemnification provided for herein shall not be deemed exclusive of any other rights to which the Consultant may be entitled and shall continue after the Consultant has ceased to be engaged under this Agreement.

B. Consultant Indemnification. The Consultant agrees to indemnify, defend, and hold harmless the District and its officers, supervisors, staff, and employees from and against any and all liability, claims, actions, suits, demands, assessments or judgments asserted and any and all losses, liabilities, damages, costs, court costs, and expenses, including attorney's fees, that the District may hereafter incur, become responsible for, or be caused to pay out arising out of or relating to the failure to perform under this Agreement or at law, or negligent, reckless, and/or intentionally wrongful acts or omissions of the Consultant. The indemnification provided for herein shall not be deemed exclusive of any other rights to which the District may be entitled and shall continue after the Consultant has ceased to be engaged under this Agreement. Additionally, nothing in this Agreement requires Consultant to indemnify the District for the District's percentage of fault if the District is adjudged to be more than 50% at fault for any claims against the District and Consultant as jointly liable parties; however, Consultant shall indemnify the District for any and all percentage of fault attributable to Consultant for claims against the District, regardless of whether the District is adjudged to be more or less than 50% at fault.

C. Sovereign Immunity; Indemnification Obligations. Nothing herein shall be construed to waive or limit the District's sovereign immunity limitations of liability as provided in Section 768.28, *Florida Statutes*, or other applicable law. Indemnification obligations under this Agreement shall include the payment of all settlements, judgments, damages, liquidated damages, penalties, forfeitures, back pay awards, court costs, arbitration and/or mediation costs, litigation expenses, attorneys' fees, paralegal fees (incurred in court, out of court, on appeal, or in bankruptcy proceedings), any interest, expenses, damages, penalties, fines, or judgments as ordered.

SECTION 16. INSURANCE.

A. The District shall provide and maintain Public Official Liability and General Liability insurance policies, each in an amount not less than One Million Dollars (\$1,000,000.00) throughout the term of this Agreement.

B. The Consultant shall provide and maintain the following levels of insurance coverage at all times throughout the term of this Agreement:

1. Worker's Compensation Insurance in accordance with the laws of the State of Florida.
2. General Liability Insurance with the limit of One Million Dollars (\$1,000,000.00) per each occurrence.

3. Professional Liability Insurance with limit of no less than One Million Dollars (\$1,000,000.00) per each occurrence.
4. Employment Practices Liability Insurance with limit of Two Million Dollars (\$2,000,000.00) per each occurrence.
5. Comprehensive Automobile Liability Insurance for all vehicles used by the Consultant's staff, whether owned or hired, with a combined single limit of One Million Dollars (\$1,000,000.00).

C. Except with respect to Professional Liability and Worker's Compensation insurance policies, the District and its officers, supervisors, staff, and employees will be listed as additional insureds on each insurance policy described above. None of the policies above may be canceled during the term of this Agreement (or otherwise cause the District to not be named as an additional insured where applicable) without thirty (30) days written notice to the District. Consultant will furnish the District with a Certificate of Insurance evidencing compliance with this section upon request. Insurance should be from a reputable insurance carrier, licensed to conduct business in the State of Florida.

D. If the Consultant fails to secure or maintain the required insurance, the District has the right (without any obligation to do so) to secure such required insurance, in which event the Consultant shall pay the cost for that required insurance and shall furnish, upon demand, all information that may be required in connection with the District's obtaining the required insurance.

SECTION 17. ASSIGNMENT. Neither the District nor the Consultant may assign this Agreement or any monies to become due hereunder without the prior written approval of the other. Any assignment attempted to be made by the Consultant or the District without the prior written approval of the other party is void.

SECTION 18. COMPLIANCE WITH PUBLIC RECORDS LAWS. Consultant understands and agrees that all documents of any kind provided to the District in connection with this Agreement may be public records, and, accordingly, Consultant agrees to comply with all applicable provisions of Florida law in handling such records, including but not limited to Section 119.0701, *Florida Statutes*. Consultant acknowledges that the designated public records custodian for the District is **Patricia Thibault** ("**Public Records Custodian**"). Among other requirements and to the extent applicable by law, the Consultant shall 1) keep and maintain public records required by the District to perform the service; 2) upon request by the Public Records Custodian, provide the District with the requested public records or allow the records to be inspected or copied within a reasonable time period at a cost that does not exceed the cost provided in Chapter 119, *Florida Statutes*, and the District's Rules of Procedure; 3) ensure that public records which are exempt or confidential and exempt from public records disclosure requirements, are not disclosed except as authorized by law for the duration of the Agreement term and following the Agreement term if the Consultant does not transfer the records to the Public Records Custodian of the District; 4) follow the District's Records Request Policy; and 5) upon completion of the Agreement, transfer to the District or its designee, at no cost, all public records in Consultant's possession or, alternatively, keep, maintain and meet all applicable requirements for retaining public records

pursuant to Florida laws. When such public records are transferred by the Consultant, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the District in a format that is compatible with Microsoft Office products, Adobe PDF formats, or the other information technology systems of the District.

IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT’S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (312) 263-0132, OR BY EMAIL AT PATRICIA.COMINGS-THIBAUT@DPFG.COM, OR BY REGULAR MAIL AT 250 INTERNATIONAL PARKWAY, SUITE 280, LAKE MARY, FL 32746.

Contractor understands and agrees that office supplies shall be provided by the District in an amount not to exceed the District's adopted budget for such items, and should additional office supplies be needed, Contractor shall submit a written request to the District, and the District may approve or deny such request in its sole discretion.

E. Residents shall pay the applicable hourly rate for Coordinator and/or Clubhouse Attendants for temporary staffing services, such as after-hours private birthday parties and private facility rentals, the total price for which shall be due to Contractor prior to the commencement of such services.

F. Contractor shall provide use of its Food and Beverage, Alcohol and Catering Licenses for District Events at no additional charge to the District.

G. Contractor shall provide assistance in the development and execution of a marketing and communications plan and periodic community surveys at no additional charge to the District.

J. At the discretion of the District, Contractor may be provided and use a District-issued debit card and/or credit card to make purchases on behalf of the District for District-related business, within certain purchase limits defined by the District. If the District shall prefer instead to have Contractor make such purchases and then seek reimbursement by the District, the District agrees to reimburse Contractor for any sales taxes levied on such purchases, as well as reimburse Contractor for processing the payment and submitting for reimbursement to the District. The reimbursement fee to Vesta shall be equal to 5% of the total expense.

K. Every attempt shall be made by Contractor to conduct periodic training and development of the on-site Contractor employees while on the District's property; however, on some occasions an employee may need to leave for training, appropriate certification classes, etc. that are conducted elsewhere besides on the District's property. Such absences shall be conducted in a manner that results in minimal-to-no impact on Contractor's day-to-day management of the District's amenities. L. Contractor's on-site employees shall earn appropriate Paid Time Off ("PTO") benefits (such as vacation and "sick time") from Contractor, consistent with Contractor's standard policies and industry norms. This shall be accomplished by Contractor's scheduling of appropriately trained and supervised on-site staff and every attempt shall be made by Contractor to adequately cover such absences.

M. In the event of an unexpected or unforeseen absence by on-site staff, every attempt shall be made by Contractor to provide alternate staffing and avoid any disruption of its amenity management services. However, staffing replacements cannot be reasonably guaranteed in each and every instance, due to either a lack of prior notice being provided to Contractor management and/or a lack of availability of suitable, local staffing substitutes. Should such absences result in a shift not

being covered by other Contractor staff, Contractor shall provide a commensurate credit to the District as further provided herein.

N. To the extent that any other terms provided in **Exhibit A** conflict with the terms of this Agreement, the terms of this Agreement shall control.

7. CARE OF THE PROPERTY. Contractor shall promptly and in no event within more than seventy-two (72) hours notify the District in writing of all such orders or requirements.

9. INVESTIGATION AND REPORT OF ACCIDENTS/CLAIMS. Contractor shall promptly, and in no event within more than seventy-two (72) hours, provide a written report to the District Manager documenting all accidents, injuries or claims for damage relating to the Facilities or related to the Services, including any damage or destruction of property, and shall cooperate and make any and all reports required by any insurance company, law enforcement agency or the District in connection therewith, unless the District's Board expressly directs Contractor otherwise, in writing.

In the event either party terminates this Agreement, Contractor agrees to accept the balance due and owing to it at the effective date of termination for the work performed up to that date. Upon termination, the parties shall account to each other with respect to all matters outstanding as of the effective date of termination. 13. DEFAULT AND PROTECTION AGAINST THIRD-PARTY INTERFERENCE. A default by either party under this Agreement shall entitle the other to all remedies available at law or in equity, which may include, but not be limited to, the right of damages, injunctive relief, and/or specific performance. The District shall be solely responsible for enforcing its rights under this Agreement against any interfering third-party. Importance & Functions of HOA Budgets

What is an Association Budget?

- A financial plan consisting of the HOA/COA's estimated revenue and expenses, as well as reserve fund contributions, for a specific period of time (usually a year).

What is the Purpose of a Budget for Associations?

- The annual budget acts as a guide of sorts, steering the Board to make the right financial decisions. A budget helps an Association plan for the coming year's expenses, allowing you to manage the expenditures carefully.
- The budget helps an Association maintain a reserve fund for major replacements and repairs.
- It is a critical aid in determining homeowner dues, which is the Association's primary source of income.

Preparing a Budget

AM Session 2

Preparing a Budget ... Continued

- ◆ Evaluate Other Expenses such as Lifestyle, Payroll & Staffing, Food & Beverage, Licenses/Permits, etc.
- ◆ Contact Insurance Agent to estimate how much increase to anticipate
- ◆ Check the governing documents to find out what, if any, rules apply to increases in dues for your Association. It is fiscally responsible to increase the dues annually to keep pace with inflation.
- ◆ Review Reserve Study and Update Expected Reserve Expenditures, as appropriate.
 - ◆ *Reserve Studies are recommended to be updated every 3 years.*

Preparing a Budget

HOA budget preparation process provides an opportunity for additional analysis to be made, planning to be done, and a review of the association's goals and priorities. In addition to routine budget prep items, consider the following when drafting your budget:

- ◆ Review Past Year Budgets & Current Year Financials
- ◆ Request Proposals or Estimates for Anticipated Work, Projects, Contracts
- ◆ Evaluate Maintenance and Utility Costs and Services, as applicable
- ◆ Evaluate Required Expenses such as Capital Contribution, estimate at the direction of the BOD

New Homeowner Registration

Our electronic new homeowner registration process is designed to streamline the onboarding experience, reducing wait times and ensuring the accuracy of information. By offering an online platform for registration, new homeowners can conveniently submit their details and necessary documentation, eliminating the need for manual paperwork. Upon registration, new owners receive an information packet via email, containing essential community details, guidelines, and important contacts. This digital packet provides instant access to pertinent information, empowering new homeowners to quickly acclimate to their community and address any queries or concerns they may have. With our electronic registration process, we prioritize efficiency, accuracy, and delivering a comprehensive welcome package and experience for new residents.

Note that this page is specifically dedicated to the closing process for buyers purchasing a new construction home from Dr Horton. If you are closing on a home with another builder or this is a third-party closing and you reached this page in error, please contact our Closing team at closings@accessdifference.com for further assistance.

Deficit Funding

FINANCIALS

During the annual budget process, a monthly deficit funding forecast will be diligently prepared. Collaborating with the developer representative, we will assess the projected sales for each month to determine the expected revenue collection.

Furthermore, we will estimate the expenses for each month and establish the necessary funding amount.

This comprehensive report will be compared to the funding requests on a monthly basis. If any discrepancies arise, they will be carefully explained in the corresponding funding request, ensuring transparency and accountability throughout the process.

Financial Packet

FINANCIALS

At Access Management, we prioritize transparency and effective communication by preparing comprehensive monthly financial packets for the board's review. These packets include detailed financial statements, budget vs. actual reports, balance sheets, income statements, and other relevant financial documents. We compile and present this information in a clear and organized manner, enabling the board to make informed decisions and monitor the community's financial health.

In addition to the board's review, we understand the importance of keeping homeowners informed about the community's financial status. To facilitate this, we also upload an abridged version of the monthly financial packet on the community website. This allows homeowners to access and review key financial information conveniently, fostering a sense of transparency and involvement in the community's financial matters. By providing accessible and concise financial summaries, we empower homeowners to stay informed and actively participate in the financial management of their community. Our commitment to preparing monthly financial packets and facilitating accessibility underscores our dedication to open communication and financial transparency within the community.

Transition Plan

To ensure a smooth transition for Long Lake Ranch CDD we developed a comprehensive training plan for each member of the Breeze team. Our training program includes both classroom and on-site training to ensure that our team is knowledgeable about every aspect of the community. Meetings will be coordinated with contracted vendors to continue all in-progress and upcoming projects as planned. The Resident Experience Team has been specifically trained on the unique details of Long Lake Ranch CDD so that they are fully equipped to answer any resident questions or concerns. They will also be trained on non-CDD-related items to better serve the residents.

Our team undergoes regular training sessions to stay up-to-date on the latest industry trends and community management customer service. We ensure that each team member visits your community multiple times to learn the ins and outs. We believe that investing in our team's development is key to providing our clients with the best possible service. We achieve this by having our team attend regular continuing education classes and maintaining frequent communication.

Contingency Plan

In case of an issue or emergency outside business hours, our Breeze phone system will forward emergency calls to the Breeze on-call team member when the emergency option is selected. The designated team member on-call will assess the situation and take appropriate action, by calling emergency services, vendors, or required personnel.

Our on-call team member is always ready to assist in providing support and guidance to our residents, ensuring that their concerns are addressed with utmost urgency and care. Our team member is trained to handle various situations and will provide prompt solutions to any issues that arise.

For non-emergency situations, the on-call team member will forward the information to the appropriate Breeze team member to handle during business hours.

In addition, our executive team members' direct contact information is provided to the Board Members. This is our commitment to ensuring any issues or concerns are addressed in a timely and efficient manner.

Field Service & Amenity Management

At **breeze**, we take great pride and steps to manage the assets that are so close to home. Our maintenance routine involves functional checks, monitoring, testing, measuring, servicing, repairing or replacing of necessary equipment, infrastructure, and supporting utilities so that assets can perform the required functions and achieve the intended service delivery objectives throughout their expected life.

We believe in taking a proactive approach to maintenance, to help reduce spending for your community. While, corrective maintenance is sometimes necessary, we believe in minimizing, because it creates unpredictable spikes in costs and can interrupt service delivery. The Breeze team invests in proactive maintenance, helping communities to reduce the need for costly capital reinvestment and maximizing the service life of assets.

Our heavy investment in technology ensures that we have the proper reporting, metrics and processes in place to run a successful field service operations.

The **breeze** service motto:
Be Proactive. Not Reactive.

Quality Control & Quality Assurance

Our Quality Control and Operations Directors are responsible for ensuring that the quality of each Breeze community is maintained, continuously improved, and above standards. We manage this by implementing regular training with our team, monthly site visits, and transparent reporting. We believe having quality control metrics in place limits room for error and helps avoid expensive repair costs.

We keep the community up-to-date with frequent newsletters, and regular communication with board members, and of course, our response guarantee reminds you that we're always here to help. Our ongoing commitment, rapport, and connections with vendors ensure that we have the best teams in place always providing the service and quality that you deserve.

Ronald Mitchell, Lakeshore Ranch CDD Chairman

Dear Members of the Board of Supervisors,

I am writing you this letter of recommendation for BREEZE District services based on my involvement with the organization as a Supervisor and now as Chairman of the Board of Supervisors of the Lakeshore Ranch CDD. Patricia has served as the District Manager for Lakeshore Ranch CDD since 2015 and now with BREEZE since March 2022. The BREEZE organization was extremely instrumental assisting us in very tough budget year and presented various detailed budget options to ensure that we advanced mandated capital projects with the various financial impacts to the residents. The BREEZE organization also understands the need for timely audit and financial information to be distributed to the residents and Board of Supervisors. BREEZE offers a service product that is not offered by any other District management entity – a resident support center. The support center actually confirms a response within 24 hours and tracks response metrics for presentation to the Board every month. I have been pleased with the quality of service offered by BREEZE and highly recommend them to the any Community Development District for District Management Services.¹

Richard Levy, Ballantrae CDD Chairman

Dear Board of Supervisors,

My name is Richard Levy and I serve as the Chairman of the Board of Supervisors of the Ballantrae Community development District.

The purpose of this letter is to recommend BREEZE District Management to the Board based on my direct experience with the company. The District has utilized Patricia as the District Manager since 2017 and utilized BREEZE since April 2022.

I am extremely pleased with the level of service they provide as to accounting and budgeting as well as their field service and contract oversight. BREEZE also advances a product that is new to the CDD world – a resident support center that is open to all residents for questions and inquiries of any District topic such as accounting, field services, assessments, insurance, etc. The statistics of resident interaction are presented at every meeting as well as the satisfaction rating designated by the residents. Real time overall monthly grading of the District Management team and by the residents.

In conclusion, it is my pleasure to recommend BREEZE to the Board and trust that your experience will be as positive as that of Ballantrae.

Mike Lawson, Epperson North CDD Chairman

As the Chairman of the Board of Supervisors for eighteen separate community development districts located throughout the Florida, the level of talented and experienced CDD management personnel that Breeze possesses is second to none. The management depth that Breeze provides ensures that all required administrative functions consisting of accounting, CDD meetings, operations & maintenance and debt service assessments and payments and many other services are professionally performed. Also, and equally important, Breeze maintains a excellent level of communication with the board members as well as providing timely and prompt responses to our residents.

Your Leadership and Business Acumen has provided Financial Metrics, Policies and Guidelines, Measurable Goals, and Best Practices which create Sustainable Growth and Progress, both short and long term, for the present and future homeowners of Cory Lake Isles.

It is an understatement Cory Lake Isle was in disarray upon your arrival. However, your honesty and transparency in communication and report preparation have been the catalyst for what was once thought unbelievable progress in unifying the community. As a homeowner, I want to personally Thank You! More importantly, I want to Thank You! as a CDD Supervisor!

Records:

Inframark has one of the largest teams of recording professionals (ten personnel), in the business. Our Recording Department develops all the necessary advertisements for meetings. With the size and professionalism of our Recording Department, we can provide an extremely high level of service for all our District Management clients. This service includes an unmatched level of automation of records management. Our team is aided through our searchable database that allows for quick and accurate searches for past meeting minutes and efficient responses to public records inquiries. We have dedicated staff that are assigned to handle all public record requests and are highly experienced in ensuring compliance with the requirements of Florida Statutes.

Inframark provides full compliance with all the Florida Statutes Records Requirements of Chapter 119. This includes storage of records, access to records and coordination of all responses to public record requests. In addition, Inframark is in full compliance and follows all the requirements of the Florida Administrative Code Section R.1B-24.003(1)(a), which deals with the retention of District records.

Other critical aspects of our Records Management Services Include:

Document Management:

Inframark utilizes three parallel processes to manage the documents of our clients.

- First, our electronic document management system allows access security settings to be placed on each file to prevent unauthorized editing or manipulation, thus ensuring the integrity of the document. The documents are maintained in a PDF format that is exportable to the client's Website for timely updates. We update records of District meetings (minutes, agendas and supporting documentation) to the District's Website in compliance with Florida Statutes. The document management system allows for ease of e-retrieval of documents using multiple search methods (document name, document number, document content, file type, author or the assigned retention category) to ensure all record requests are fulfilled in a timely fashion.
- Secondly, the process utilizes offsite storage of documents. Our vendor guarantees the secure storage and/or destruction of documents. Annually, upon completion of the audit, the accounting and accounts payable files are inventoried, boxed and sent to the secured offsite storage facility. All records are maintained within applicable statutory requirements.

- Finally, we maintain an onsite Master File for each client. The Master File contains previous years' audits, arbitrage reports, budgets, insurance policies and other important historical information.

Disaster Contingency & Recovery:

Disaster recovery is particularly important since the Districts we manage are in areas prone to hurricanes. Our hurricane preparedness procedure includes the following:

- Provisions for the compilation and storage of files and data required to perform critical client services
- Securing the physical office space with the protection of client files as a top priority
- Satellite phone for contingency communication with local team
- Internet and phone-based communication chains to update personnel
- The ability to shift client critical tasks and District Management services to alternate office locations both out of region or state if necessary
- Securing priority commitments from key contractors due to strong and lasting relationships

Because of the critical nature of the electronic information, we manage on behalf of our clients, Inframark emphasizes system security and has disaster recovery procedures in place to minimize the impact of storms, power outages and other similar events for the districts we serve. Our disaster recovery plans are continually updated in response to the changing needs of our business and the clients we serve.

In addition, Inframark utilizes sites certified to survive the equivalent of a Category 5 hurricane. District data is stored on servers that reside in Horsham, Pennsylvania. A full backup of all data is performed nightly and stored offsite at a remote location. Our Horsham facility is equipped with backup generator power. In addition to redundant equipment at our Houston IT center, we also have equipment co-located at other sites.

District Operations:

Inframark has eighteen (18) District Managers throughout the State of Florida with over 100 years of District Management experience in the Florida Community Development District market. Inframark District Managers not only have experience in District Management, but also have experience in finance, IT and construction management. Since Inframark utilizes a team approach in the provision of all its services, we share best practices and success stories from District clients across the state. We conduct monthly manager calls in which we discuss existing issues and develop and implement solutions that are in the best interest of our clients. All Inframark team members go through monthly training to keep them up to date on a wide variety of issues that impact District operations.

The District Management team has access to all records of their Districts which includes all current and past contracts entered into by the District Board of Supervisors. With our searchable data base, it is very easy for our District Managers to review past contracts to compare with existing or proposed contracts. This allows our District Management team to keep up with contract termination dates, scope of services and fee schedules in each contract. We work closely with the Attorney for each District to ensure compliance with contract requirements and make certain that when the Board decides to terminate a vendor contract, it is done in an appropriate manner avoiding legal issues for the District.

Inframark has dedicated personnel that work with each District Manager on the renewal of District

insurance requirements, including review of District facilities and working with insurance providers to develop the most cost-effective approach to insuring District facilities.

Our District Management team is highly experienced in working with District Attorneys and District Engineers in the development of Request for Proposals (RFPs) for a wide variety of District construction, capital and maintenance projects including:

- a) development of complex bid and proposal packages,
- b) advertisement of the opportunities,
- c) analysis of the proposals and bids, and
- d) development of recommendations for Board consideration.

With the vast experience of our District Management team and the experience of Inframark across the State of Florida we have established excellent relationships with many vendors and contractors which brings a value-added service to the District.

Accounting and Reporting:

Inframark performs all required financial accounting functions through solid workflow processes that are designed to integrate the traditional tasks associated with accounting transactions. Those traditional accounting tasks of disbursements, accounts payable, general ledger journal entries, trial balance reconciliation and budget monitoring are knitted together in such a way to achieve:

- Fast turnaround for vendor payments
- Smooth approvals for setting up capital requisitions
- Open communications to field operations staff
- Advanced preparation for independent audit field work

Our understanding of accounting processes allows us to quickly differentiate areas needing further work and those items that are routine in nature. While there is a great deal of accounting activity that goes into ensuring the individual transactions are properly recorded in the financial records of the District, we use our expertise, our knowledge and our experience to ensure accounting theory is applied in the best interest of the District. The importance of complying with statutory requirements as well as annual disclosure to lenders and bondholders is given an interconnected focus of everyone on our staff which is appreciated and respected by our industry partners. Our accounting staff is committed to a quality standard that allows the accounting activities of the District to properly reflect its financial condition. Inframark has over 300 years of combined experience on our Finance Team.

Our finance team constantly monitors various investments instruments in Qualified Public Depositories to determine the best investment plan for District funds. Our accounting team monitors the maturity dates of District investments and alerts the District Manager so that the options for reinvestment can be brought to the Board for direction.

Audits:

Inframark has been working for decades with District auditors to make certain that each District audit is in full compliance with all GAAP and State accounting requirements. Inframark has a fully customized accounting software system that was designed for the Community Development District business that allows us to provide the most accurate and comprehensive information for all audit requirements.

Budgeting:

Inframark's customized CDD financial software system allows us to deliver options to our clients on how they wish to have their monthly financials and annual budget detailed. Each District Manager works with their assigned accountants to develop a draft budget for consideration by the Board of Supervisors. The draft budget is based upon the input from the Board as to the goals they wish to achieve in the upcoming budget cycle.

The Inframark Assessment Team works with the District Manager and the Finance Team to present a complete picture of the revenue and expenses for each annual budget and how the proposed expenditure plan impacts the annual assessments. This approach allows our clients to see how their annual budget will impact residents (financially) and how each budget will achieve the goals set forth by the Board of Supervisors. The District Manager and Finance Team work closely with the Recording Department to ensure that all legal requirements for advertisements are met during the budgeting process. In addition, the District Manager will solicit input from the District Staff, District Engineer and District Attorney on any operation and maintenance expenditures that they believe need to be increased, decreased or eliminated as part of the new budget cycle. It is critical in the development of an annual budget that aspects of the budget are reviewed by each team member providing service to the District.

Capital Program Administration:

As part of the annual budgeting process, the District Manager will solicit information from the District Engineer and District Staff on any capital projects they believe should be included in the annual budget. This includes the timing, cost, and whether a capital expenditure will increase or decrease any operation or maintenance expenditure currently included in the budget. It is important that the annual capital budget is fully coordinated with the operation and maintenance budget. We also examine the life cycle cost of projects based on the Reserve Study to determine their financial feasibility prior to the Board acting on said expenditure.

Inframark has many years of experience in dealing with capital bond issues and bank qualified loans for District projects. We have extensive experience in working with bond underwriters, financial advisors and various lending institutions on the establishment and implementation of capital programs for District clients. We have established procedures for making certain that specific deadlines associated with bond documents and bank qualified loan requirements are met. We have an excellent reputation of successful implementation of a wide variety of financing programs for our District clients.

Assessments and Revenue Collection:

Inframark has an exceptional record of administering annual assessment rolls for our District clients. This experience includes on roll and off roll collection. We have successfully worked with District legal counsel to accurately and timely collect off roll assessments when they are called for. We also routinely conduct true up analysis for District tax rolls to ensure that all collections are being completed as per the Board's direction. Our Assessment Department also provides estoppel letters on an as needed basis at no cost to the District.

Our Treasury Services Group actively manages the revenue and investments for Districts across the State of Florida. This team ensures that the revenue generated by the District provides the financial platform to meet all its operational expenses and debt obligations. By working closely with the banking industry across our broad client base, we can provide economies of scale in the management of our banking relationships – which is passed along to the Districts we service in the form of favorably negotiated fees and service costs.

The depth and breadth of our special assessment knowledge lends opportunities to capture efficiencies and effectiveness in the collection of District revenues. Betty Fantauzzi – Chairman

Inframark took over as the District Management Company for the Harbour Isles C.D.D. in December of 2020 and the transition could not have gone more smoothly. Mrs. Angel Montagna was selected to be our District Manager.

Prior to the first Board of Supervisors meeting Mrs. Montagna met individually with each of us Board members to not only get to know us as people but to discuss each of our concerns as well as our visions of what we hope to achieve in the future to make Harbour Isles a better place to live. As a result of her initiative in doing this, and her research into how to help with our concerns, the first Board meeting was well prepared and organized. And this enthusiasm, organization and the feeling of her caring about our community and its residents and striving to make it a happy place to live has continued. When issues have come up, big or small, Mrs. Montagna has always been a good listener and prepared to help with the problem-solving aspect with her vast knowledge and past experiences. We Board members know if we have a question or a concern we can contact her by phone, text or email and she will promptly answer in a respectful, pleasant, helpful manner. Her professionalism is a true asset to our community.

All of the Inframark employees I have had contact with have been extremely respectful and eager to help in any way possible, always with good results. I have learned that a company is only as good as the employees it has working for it. I have to say that, in the 12 years I have been a member of the Harbour Isles Board of Supervisors, Inframark has to be the best that we have had.

Respectfully,

Elizabeth Fantauzzi

Subject: Site Inspection

Long Lake Ranch CDD, Lutz FL

On April 11 Gabe Montagna, Inframark Field Inspector, conducted a site inspection at Long Lake Ranch CDD. The observations that are noted in the inspection are generalities and were documented to provide representative samples of what is included in a standard report.

The purpose of the field inspection is to conduct a comprehensive evaluation of all CDD assets, perform a quality control assessment of contractors work, and identify safety and compliance issues. Inframark field inspectors review the vendors scope of work for contractual obligations.

The inspector will typically invite the contractors to participate in the inspection with them. The goal is to create a partnership and ensure that the CDD is receiving effective and efficient service. The inspections are sent to the contractor to provide them with the opportunity to respond to documented deficiencies.

Thank you,
